## 1 Important information for those seeking security clearance.

## Consent to personal vetting:

Those who seek security clearance must consent to the security authority and clearance authority undertaking a personal vetting. You give your consent to this by filling in and signing this form. Your consent also comprises a renewed personal vetting during validity of your clearance, if necessary. Your consent shall be voluntary.

A personal vetting entails that information will be obtained from various sources:

- Personal information which you provide about yourself or your closely related persons in the Personal Data Form, pursuant to Section 8-5(4)(5) of the Norwegian Act on National Security and Section 6 of the Regulation on security Clearances, or other information you provide pursuant to the Norwegian Act on National Security with associated regulations.
- Information obtained from relevant public records, see Section 8-5(6) of the Norwegian Act on National Security and Section 8 of the Regulation on security Clearances. This is information obtained from police records, the Police Security Service, the Tax Administration, the Norwegian National Security Authority, the Register of Employers and Employees (the Aa register), the Directorate of Immigration, the Execution and Enforcement Authority, the Norwegian Mapping Authority, the Brønnøysund Register Centre, credit information agencies and debt collection agencies. Your consent comprises repeal of any credit block.
- Information obtained from other sources, see Section 8-5(6) of the Norwegian Act on National Security. Examples of such sources may be other public authorities, places of service, workplaces and other references or sources that are readily accessible to the general public.
- Corresponding information from sources in countries where you have/have had domicile or other affiliation.

Your consent also comprises that information on your clearance status, your affiliation to other states, place of service or the requesting entity may be handed over to the Police Security Service (PST) if the PST considers this necessary in order to attend to the duties of the service. The information obtained via the personal vetting will not be used for other purposes than to consider clearance and authorisation, or other processing pursuant to the Norwegian Act on National Security. The information will be treated and protected in accordance with the provisions of the Norwegian Act on National Security with associated regulations.

If you are under the age of 18, it is required that your parents or guardian consent to a personal vetting being conducted. This is done by your parents or guardian familiarising themselves with the implications of granting their consent and confirming their consent to your personal vetting by signing a separate attachment.

It is important that you give honest answers, allow ample time to answer the questions and read the guidance texts carefully. When processing your application, the clearance authority will assume that you have read and understood the guidance text. Incorrect or incomplete completion of the Personal Data Form may be construed as withholding of information (from the clearance authority and the person in charge of authorisations) and could result in a negative clearance decision.

The Personal Data Form consists of a number of yes/no questions. If you reply Yes to some of these, you must provide more detailed information at the indicated space in the form. If the space in the indicated column is insufficient, use the free text column (point 22) in the form, or use a separate sheet of paper which you should attach to the form (point 23). Write your full name and date of birth on all attachments and number them. Write clearly in block capitals with a blue ballpoint pen.

Use the Guidance for filling in the Personal Data Form when filling in the form. The guidance is available at <a href="http://www.nsm.stat.no/publikasjoner/skjema">http://www.nsm.stat.no/publikasjoner/skjema</a>
